

“ *Our schools have improved, but we need to see more progress!* ”

“ *Everybody says they want to save the Bay, but nobody seems to want to pay for it! Isn't it time we got serious about this?* ”

“ *Why is the wealthiest state in the nation ranked #50 for public investment? No wonder we have a fiscal crisis!* ”

“ *Can't we do something about all these children with no health insurance?* ”

This Election Day...

**COME
& OUT
CAST YOUR
VOTE**

To solve Maryland's budget crisis!

**Come to Annapolis and have
YOUR SAY
on Tuesday, November 6th**

**Maryland's fiscal crisis
– it's time for your
voice to be heard.**

The stakes are enormous:

- Can Maryland afford quality schools? Thornton boosted our investment. Are the results worth paying for? Or should we go back to where we were?
- The Bay is in critical condition. Fixing that will cost us. Not fixing it will cost even more.
- Should all Marylanders have access to quality, affordable health care? Now, 1.6 million are un- or under-insured. Solving this will cost money; not solving it costs us plenty already.
- Can we afford to revitalize older communities? Can we afford to abandon them to poverty, crime, and drugs?
- Do we have to be stuck on congested roads?

**And can we pay
for these investments
in a way that's fair to
hard-pressed working families?**

**Maryland's future
is at stake!**

**Join your neighbors at
a town hall meeting
where you will learn:**

- What are the real choices we face – and the full implications of each alternative?
- Where does Maryland rank – are we a high-tax state or a low-tax state – and how will tax changes affect that?
- If we want to invest more in our top priorities, what are all our choices for generating the money to do it?
- Is it true that half the biggest corporations pay nothing? What about wealthy Marylanders – can they afford to contribute more?

**And then, once
you've seen
the facts and
grilled the
experts, CAST
YOUR VOTE!**

**The future of Maryland
is in your hands!**

**COME
& OUT
CAST YOUR
VOTE**

**STATEWIDE TOWN HALL MEETING
TUESDAY, NOVEMBER 6, 2007**

**6:00 - 8:30 P.M.
